(Centre for Health & Physical Education)

organises

INTERNATIONAL CONFERENCE

On

Emerging Challenges in Physical Education

Date: 12th & 13th August 2022

About the University

The Tamil Nadu Teachers Education University was established by the government of Tamil Nadu in 2008. It is unique in nature, as it was established to promote excellence in teacher education. This University strives to nurture the talents of teachers of tomorrow with the transformative knowledge of Indian tradition and lead in a new era of teacher Education for the ensuring young teachers and it focuses upon the integral development in them. The University has established the following six departments,

1. The Department of Pedagogical Sciences
2. The Department of Value Education
3. The Department of Educational Psychology
4. The Department of Educational Technology
5. The Department of Curriculum Planning and Evaluation
6. The Department of Educational Planning and Administration

The university is offering M.Ed., M.Phil., and Ph.D., Programmes and also planning to start various job-oriented and community related post graduate diploma programmes on part-time basis. In addition to teaching, all the six departments are engaged with minor projects. The basic necessity for all the educational institutions in the country is to bring out intelligent, dynamic, excellent and brilliant teacher to disseminate knowledge, attitude and skills in the given field. Without this basic product, no educational institution can survive and excel in any field of knowledge. It is with such a divine task and really proud that our university is monitoring all 649 affiliated colleges including the government, government aided and self-financing colleges in Tamil Nadu.

About the Department

The department of value education was established in 2013 with an objective of bringing out effective and efficient teacher educators with the qualities of good conduct, self-confidence and high values which would help to earn a significant place in society. Thus it leads to develop student teachers who are professionally prepared to internalise their role in value inculcation and to lay a strong foundation for the development of different values.

The department is offering M.Phil., and Ph.D., programmes. The department focuses on educational research in the field of value education with professionalism and productivity. It ensures provision for maximized learning through experiences and exposure to prepare teacher educators who play the most important role in shaping the students and student teachers as enlightened citizen.

About the Conference

The international Conference would provide participants with opportunities to discuss the latest updates in the field of physical education, sports Sciences, the challenges arising out of the present pandemic and its impending effect on performance. The discussion shifted to another major area on Opportunities in Health and Physical Education for future learners.

The Conference provides a platform for professionals who involved in Physical Education and Sports Science to exchange knowledge and also gain an insight into the trends and challenges in Health & Physical Education.

Objectives of the Conference:
