INSTITUTIONAL STRATEGIC PLAN

The Tamil Nadu Teachers Education University proposes to put in place the following Institutional strategic Plan for effective deployment in the Tamil Nadu Teachers Education University, which is one of the Metrics in the NAAC Accreditation Process.

It is submitted that an effective strategic resolutions and promotions are essential for the Universities and Educational Institutions for development and expansion which are described below.

Strengthen and Expand Education – Continue to increase the resources that empower learners through innovative programs, teaching and learning processes and learning centers that drive excellence in education.

Advancing Research and Innovation Initiatives – Uniting our strength in a comprehensive range of disciplines and translating research to social, economic, scientific and technological development.

Realizing University's Social Responsibility – Community engagement and inclusive outreach programs that considers cultures and intellectual diversity, and makes measurable progress to the society.

Global Engagement transcending languages and nations – Expand across the globe through strategic partnerships with internationally esteemed institutions that complement our academic and research expertise.

Built and Enhance Finance and Infrastructure – Identifying and implementing revenue-generating, cost-saving mechanisms and strengthening the financial status of the University to construct a world-class campus.

Promote and Optimized Industry Institute Collaboration – Promoting research and economic impacts through startups companies, commercialization activities, entrepreneurship and campus recruitment plan leading to complementary research partners.

Good Governance and leadership – Realizing the philosophies of governance by making people more responsible rather than authoritative. Achieving an administrative environment in which not mere following of rules and regulations but also intellectual honesty.

Teaching-Learning and Evaluation

- Teaching and learning processes are continually improved based on students' results and students' satisfaction.
- The Teaching staff will prepare semester wise teaching plan, time table and lesson plan for systematic, effective and efficient teaching.
- University conducts proficiency assessments and offers bridge courses, remedial courses and self-study courses to support slow learners. Advanced learners are encouraged to engage in student activities.
- University organizes soft skill programmes, pre-placement training to equip students to meet the challenges in their future career.
- Physical infrastructure of University will be made disabled friendly by providing ramps, special toilets, etc.
- Faculty members are also encouraged to attend faculty development programmes by other institutions.
- Student-faculty ratio is optimally maintained to facilitate student centric learning environment.
- Student-centric learning environment provides appropriate pedagogy for participative and experiential learning.

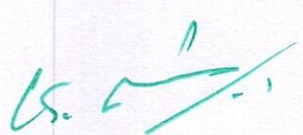

Research and Development

- University will create an enabling environment to foster research culture providing required research infrastructure and support.
- The faculty members will be encouraged to publish articles in journals and to present papers in national and international conferences/seminars.
- University will conduct extension and social activities, rural community engagement programme, entrepreneur development programme, environmental awareness programmes, teaching underprivileged, etc.
- Tamil Nadu Teachers Education University has signed more than 60 MoUs with National/International Institutions/Universities for academic and research collaborations.

Infrastructure and Learning Resources

- University has a State of the Art infrastructure including learning resources enabled classrooms, smart rooms, fully equipped laboratories, library and other supporting facilities.
- University has a substantial infrastructure for sports and other extra-curricular activities including basketball, volleyball, table tennis, yoga and meditation.
- Learning resources like e-journals, Shodh-Ganga are available to faculty and students.
- University maintains computer with over 1000 MBPS bandwidth for internet connection.
