Report

Socially Useful Productive work has been described by the Ishwarbhai Patel Committee as purposive, meaningful, manual work resulting into either goods or services which are useful to the community. Manual work becomes purposive when it meets the educational requirements.

For this purpose, it is necessary to go into the why and wherefore of every process of the work so that it is performed intelligently and not mechanically. A curricular activity proves meaningful when it is related to the needs of the learner and the community to which he belongs. It becomes more meaningful when it is related to the basic needs, viz., food, shelter, clothing, health and recreation and community and social service.

Representing the Skill Development Centre, Vellalar College of Education, Erode in collaboration with Tamil Nadu Teachers Education University, Chennai organized a Two Day SUPW Workshop on 17th& 18th December 2021. The inaugural of the workshop began with the welcome address given by the Patron, Dr.T.Malliga, Principal, Vellalar College of Education. The Organizing Secretary of the Skill Development Centre, Dr.V.Sharmila, Assistant Professor, Dept. of Educational Technology, TNTEU, Chennai gave a key note address for the event.

The forenoon session was initiated with the learning of Drawing skills and the Black Board Sketches. And in the afternoon session, an elaborate demonstration was shown to the students for making some of the socially useful products like Ink, Phenyl, Detergent Powder and Dish wash powder.

Something is better than nothing. Considering this let us implement the scheme of socially useful productive work in right earnest. It is the only way out to make our present system of education free from its' over academic character. Thus the workshop ended successfully and nearly 154 student teachers were benefitted by learning interesting and innovative techniques which can be applied in the community effectively.
